

ACCUWOOD

Plasma Carts

Executive Series

Made specifically for today's slim line T.V.'s like Plasma or L.C.D. T.V.'s these carts feature a shallower depth (24") and come in three different widths (43", 54" and 60" wide) Custom sizes are available.

Protect your investment with our new line of Universal Plasma Mounts. Made from the same durable 1" thick M.D.F. as the carts. These mounts are secured to the cart with bolts, and allow the carts to be moved without the risk of damage to the Plasma. The Universal Mounts support Plasmas up to 52". For larger Plasmas custom mounts are available. (ACCPMC)

Features Include:

- Doors: Bronzed Plexiglass
c/w spring loaded hinges
- Grilles: 1 - 12" X 11" removable rear grill
for ventilation and wire access
- Shelves: Adjustable or removable
